Dear Eamonn

I am writing this testimonial to thank you for the professional work you carried out at my house.

With the removal of the old boiler and fitting of a new one in a totally different area of the house we were not looking forward to the upheaval, dust and lack of hot water.

We need not of worried the work was carried out with care and efficiency plus the added bonus of running water at the end of each day. I think your patience was tested on occasions when our dog lead you a merry dance around the house but we really appreciated your complimentary dog sitting services.

I would have no hesitation in recommending EMF Plumbing and Heating to friends, family and clients.

Yours sincerely

Paul Dykes
