Dear Eamonn

At Wadsworth Osteopaths we pride ourselves on our prompt and efficient service. We also make sure we provide cover during holiday periods when other osteopaths close their doors. We were impressed to receive the same from EMF Plumbing and heating recently.

Between Christmas and New Year the heating boiler at our main surgery sprung a leak and no longer provided us with heat. You were good enough to answer our call and come out during the festive holiday period to get us up and running again. Not only did you fix the problem but you went out of your way to find a more cost effective solution to the problem.

Thank you for your care and attention. I would have no hesitation in recommending your services to friends, family and contacts in the future.

Yours sincerely

Robert Wadsworth
